Bekasi, Jawa Barat, Indonesia

I am a sixth-semester Informatics Engineering student at Institut Teknologi PLN, specializing in web development. I am dedicated to creating dynamic and user-friendly web solutions and have a deep interest in various aspects of web development, from front-end frameworks to back-end technologies. I am eager to contribute my skills and stay at the forefront of this dynamic industry. I am open to discussing how my interests align with potential opportunities or projects.

## Experience And Projects
